

Aboy Flag Cuff Kandi Pattern

Created by: pawbean

32 columns wide x 14 rows tall

[illegible]

A diagram of a 4-layer neural network. It consists of four vertical columns of nodes. The first three columns each contain 128 nodes, and the fourth column contains 64 nodes. The columns are colored black, light blue, light green, and white respectively. The numbers 128, 128, 128, and 64 are written inside the first four nodes of each column.
